ATTW-4606-1	Pumpa Attwood Tsunami 500 12V	KOM	178,00
	With their innovative engineering and compact design, Tsunami pumps deliver high output from a small package. We use the advanced material available, including the best quality bearings and state-of-the-art brushes, alloys and magnets. Our patented shaft seal prevents leaks caused by misalignment and out caulked and tinned wiring eliminates wicking, prevents water damage and resists corrosion. Boaters, boat-builders and dealers all want one thing from their bilge pumps — more power! And that's what the Tsunami® Series delivers... with high-capacity, high-efficiency output.

Boaters, boat-builders, and dealers all want one thing from their bilge pumps — more power! And that's what the Tsunami® Series delivers... with high-capacity, high-efficiency output Tsunami Cartridge pumps have replaceable / interchangeable motor cores. Makes servicing simple and quick.		
ATTW-4640-7	Pumpa morske vode Attwood Aerator 500 3-1/2		414,00
	With their innovative engineering and compact design, Tsunami pumps deliver high output from a small package. We use the most advanced material available, including the best quality bearings and state-of-the-art brushes, alloys and magnets. Our patented shaft seal prevents leaks caused by misalignment and our caulked and tinned wiring eliminates wicking, prevents water damage and resists corrosion. Three high-efficiency aerator pumps that move water at output capacities of 500 gph, 800 gph and 1200 gph. With their innovative engineering and compact design, Tsunami pumps deliver high output from a small package. Output & Performance: Move more water and oxygen into livewell tanks to keep fish active; Cooler-running motors, premium materials, watertight seals and waterproof wiring

ATTW-4505-1	Kaljužna pumpa Attwood 500 12V	KOM	470,00
	<p>An automatic-switch bilge pump is a requirement for any vessels 20' and over with sleeping accommodations, but is a great convenience for any size boat. The Sahara has everything contained in one compact yet durable package – pump, wire, seals, strainer, and mercury-free switch –and installs quickly and easily in tight spaces. Pumps include 36" lengths of 16-gauge caulked and tinned copper wire.</p> <p>S500 has plenty of pumping power most jobs. 500 GPH* at open flow, 350 GPH* at 3.3' head. Draws only 1.5-amps at open flow!</p>		
ATTW-4507-1	Kaljužna pumpa Attwood 750 12V	KOM	549,00
ATTW-4508-1	Kaljužna pumpa Attwood 750 24V	KOM	851,00
	<p>An automatic-switch bilge pump is a requirement for any vessels 20' and over with sleeping accommodations, but is a great convenience for any size boat. The Sahara has everything contained in one compact yet durable package – pump, wire seals, strainer, and mercury-free switch – and installs quickly and easily in tight spaces. Pumps include 36" lengths of 16-gauge caulked and tinned copper wire.</p> <p>S750 is sized for larger recreational boats. Our most powerful 3/4"-outlet automatic pump. 750 GPH* at open flow, 625 GPH* at 3.3' head. 3/4" hose outlet.</p>		
ATTW-4511-1	Kaljužna pumpa Attwood 1100 12V	KOM	564,00
ATTW-4512-1	Kaljužna pumpa Attwood 1100 24V	KOM	1.053,00

The Sahara has everything contained in one compact yet durable package – pump, wire seals, strainer, and mercury-free switch – and installs quickly and easily in tight spaces. Pumps include 36" lengths of 16-gauge caulked and tinned copper wire.</p> <p>S1100 is our most powerful and efficient automatic pump. High capacity for larger boats and yachts. 1100 GPH* at open flow, 973 GPH* at 3.3' head. 1-1/8" hose outlet.</p>		
ATTW-4730-1	Pumpa kaljužna Attwood HD 1700 12V		876,00
	<p>Heavy-Duty Bilge Pumps integrate the highest quality bearings, brushes, alloys and magnets designed to withstand extreme usage cycles. Pump all employs an exclusive shaft and motor compartment, reducing wear and significantly extending pump life. Advanced resin compositions incorporated in exterior to resist chemicals such as engine oil, aggressive detergents and hose plasticizers. Attwood's Heavy Duty bilge has unsurpassed durability and efficiency in a compact design to ensure electrical energy is converted to the pump rather than excess heat.</p> <p>The perfect upgrade from 1500 GPH rated pumps especially older and over-rated designs. Easily replaces 2000 GPH rated pumps. Delivers a true 1700 GPH at open flow while drawing less than 6-amps.</p>		
ATTW-4760-1	Pumpa kaljužna Attwood HD 2000 12V	KOM	949,00

ATTW-4201-1	Plovak pumpe Attwood 12-24V (12 - 6A)	KOM	211,00
	<p>Converts bilge pumps to fully automatic operation. Maximum amp draw is 12 amps (at 12-volt D.C.) or 6-amps (at 24-Volts D.C.). Features a compact, low profile design that mounts on any surface from a horizontal up to a 24° angle. Incorporates a reliable and affordable mechanical switch that actuates pump motor at 2" water level. Wire leads do not flex or hinge with the float as on some competitive models. Integral cover dampens bilge sloshing to reduce pump cycling, and prevents debris interference. Sealed switch mechanism resists moisture, fume-ignition, and electrical shock. Contains no mercury, which is listed as a health hazard and "Persistent Toxic Substance" in over 26 states.</p>		
ATTW-4202-1	Plovak pumpe Attwood 12-24V (12 - 6A)	KOM	199,00

Contains no mercury, which is listed as a health hazard and "Persistent Toxic Substance" in over 26 states.</p> <p>Float switch installs directly onto the rear slots of the V-Series pump bracket. Features a convenient test knob to test pump operation.</p>		
ATTW-4801-1	Elektronski prekidač Attwood Bilge 12V	KOM	283,00
	<p>Incorporates a proprietary Electronic Sensing technology to detect bilge water levels and trigger pump activation and has been engineered to operate in any bilge water mixture consistently without failure. Your pump won't be exposed to continuous cycling as the S3 switch can easily distinguish splashing bilge water, chemicals, sludge build up or foam and comes equipped with fully sealed electronics that are completely protected from water or chemical damage. For added convenience, the bilge switch can be mounted on the floor of the bilge directly to a stringer wall or alongside the basket of the pump without added components or brackets. The S3 Series switch is also directly compatible with all competitive products and free of moving parts that can jam up, break or wear out over time.</p>
